Envirite of Ohio, Inc. is a hazardous waste treatment storage and disposal facility (TSDF) currently operating under a RCRA Part B Permit. Whenever possible and practical to do so, hazardous waste toxicity is reduced by either chemical or solidification/stabilization treatment. However, there are some wastes, due to their Matrices and/or hazardous constituents, that are not completely responsive or conducive to this type of treatment and whose level of toxicity cannot be reduced.

Envirite of Ohio, Inc. experiences variations in hazardous waste volume and toxicity from year to year due to generator variability.

Dear Mr. Dugan:

As you know, primary exporters of hazardous waste must file an annual report with EPA by March 1 of each year summarizing their exports during the previous calendar year. The annual report must include all information specified in 40 CFR 262.56 of the regulations. We have now concluded our review of the annual reports filed in 2014 for shipments made during calendar year 2013.

The 2013 annual report which you filed in 2014 is deficient in the following areas:

- _____ EPA Identification number
- ☒ name, mailing address and site address of exporter
- _____ calendar year covered by the report
- ☒ name and address of each consignee

by consignee, for each hazardous waste exported:

- ☒ a description of the hazardous waste
- ☒ EPA waste number (from 40 CFR part 261, subpart C or D)
- ☒ DOT hazard class
- ☒ the name and EPA ID number of each transporter used
- ☒ total amount of waste shipped and number of shipments (frequency) pursuant to each notification

Except for hazardous waste produced by exporters of greater than 100 kg but less than 1000 kg in a calendar month, unless provided pursuant to 262.41, in even numbered years:

- _____ a description of the efforts undertaken during the year to reduce the volume and toxicity of waste generated and

_____ a description of the changes in volume and toxicity of waste actually achieved during the year in comparison to previous years to the extent such information is available for years prior to 1984

_____ a certification signed by the primary exporter which states:

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.

Subject: Envirite of Ohio, Inc. Export Report, Revised
Attachments: removed.txt; Envirite of Ohio Export Report Revised Submitted 04 21 2014.pdf

Good Afternoon Mr. Nelson,

I left you a voicemail this morning regarding Envirite of Ohio's revised Annual Export Report. I thought perhaps at your convenience you would glance at the attachment and advise whether you'd like yet a different letter format before I mailed the hardcopy - I worked on it over the weekend and I'm not sure there's a perfect way to report.

To avoid any delay, this afternoon I Certified Mailed the hardcopy revised report (attached herein) to you and to Mr. Heiss.

I apologize sincerely for the inconvenience I caused you by omitting the "Canadian Hazardous Waste Exports" report from the original January submittal.

Please do not hesitate to contact me if you need more information or a different format - I'm keeping the file and all back-up on the corner of my desk and at my fingertips. Have a good day.

Regards,

Anthony Dugan

Subject: Envirite of Ohio, Inc. Export Report

Dear Mr. Heiss,

RE: Envirite of Ohio, Inc. OHD 980 568 992 Export Report

I tried reaching you by phone this afternoon; I left you a message with my contact information (below as well). I received your letter this afternoon notifying Envirote of Ohio, Inc. of deficiencies within its Annual Export Report submitted to your office January 16, 2014.

Please note the January submittal was formatted based on prior year reporting. It appears last year's report was accompanied by Canadian Export information extracted from our operating system database which satisfied the reporting requirements which are deficient in this year's report.

I have reviewed our electronic filing system and the various pdf files associated with the January 2014 Export report - the files extracted from our operating system for exports during year 2013 exist in our electronic filing system, unfortunately these documents which include vital information may not have been enclosed with this year's report.

Those files are at my fingertips. I may forward them to you or reformat the report itself to include all information such as Envirote of Ohio, Inc. ID/address, name of consignee, description of wastes, EPA waste numbers, DOT Hazard Class, and Transporter ID's. We provided total amounts and frequency, however I believe this deficiency relates to the need for "amounts" to be tied to pre-notifications, which I will also provide.

I apologize for any inconvenience. Please forgive me as this is my first year within our regulatory group (I've developed many gray hairs as a result). Most importantly, I wish to reconcile the deficiency immediately. I look forward to hearing from you so I may do say in what manner is easiest for you. Your time is greatly appreciated.

Regards,
